EXPERIENCE

FREELANCING | DEVELOPER & DESIGNER

Remote | April 2022 – Mar 2023

- Developed a socket.io chat application with a peak concurrent user count of 50 and an average response time of 150 milliseconds.
- Executed a high-profile crypto-dashboard initiative, driving 80% project completion before unforeseen external circumstances;
- collaborated with cross-functional teams to define project scope, develop wireframes, and conduct user testing, resulting in a user-friendly interface that empowered investors to make informed decisions in the volatile cryptocurrency market.
- Designed and deployed the "Function of Licht" company website from scratch with a loading time of under 2 seconds
- contributing to a 20% increase in online engagement for the client.
- Developed 2 Logos, 1 Figma Website Design for a client demonstrating Creative Visual Skills and a react js business website.
- Developed a Portfolio Website for a Famous Bookstore in Odisha named Walking BookFairs.

MEDILIFT | FOUNDER

Dec 2022 – Apr 2023

- Drove strategic initiatives as CTO, Operations, and Marketing executive for an early-stage ambulance startup.
- resulting in esteemed recognition among the top 30 startups in India at Bits Pilani Hyderabad, validating our pioneering contributions to the healthcare industry.

FRISKA | LEAD DEVELOPER

Oct 2022 – Nov 2022

- Led a team to complete the new design deployment within 4 weeks, meeting the project deadline.
- Demonstrated technical leadership by reducing website load times by 20% through performance optimizations.

SKILLS

PROGRAMMING LANGUAGES

LIBRARIES/FRAMEWORKS

TOOLS / PLATFORMS

DATABASES

C, CSS, C++, Java, HTML

React JS

Github, VSCode, GIT, linux, Postman API, Linux OS

MongoDB, MySQL

PROJECTS / OPEN-SOURCE

ZOMATO CLONE | LINK

HTML, CSS, React JS and Javascript

- Demonstrates my learning for React Js.
- Attained a remarkable rank of #111 out of 700+ participants.
